MEMORANDUM FOR THE RECORD

**SUBJECT : Meeting with Mr. Charles F. Scheffey, Fairbank Highway
Research Station, Bureau of Public Roads**

REFERENCE: DD/S MFR dtd 8 June 70, same subj (DD/S 70-2312)

In addition to the items covered in the Reference, Mr. Scheffey mentioned that BPR planning envisions that the Scattergood-Thorne land will go to CIA, thereby straightening out the boundary between the two organizations. He noted, for example, that the three-acre segment for the proposed parking area near the new Agency garage would be logically relocated to Scattergood-Thorne land under this concept. He also indicated that other new Agency requirements could be satisfied through use of the Scattergood-Thorne land rather than having us again look to BPR for new use permits.
